YOUR PROJECTS**

PROJECT

# WE LEAD PROJECTS

## INTEGRAL VISION OF BUSINESS

We assume the goals of the client as our own.

## PLANNING, EXECUTION AND CONTROL

We combine expertise areas to reach integral and effective solutions.

## TEAMWORK

Collaborating as partners, with a common objective of a successful growth.

MANAGEMENT

# ADMINISTRATING YOUR RESOURCES, ACTIVATING PROCESSES

1

## BUSINESS MANAGEMENT

Planning, organization, integration, direction and control over resources: economic, material, human and intellectual. To achieve goals and obtain bigger benefits.

2

## COMMERCE MANAGEMENT

In order to generate beneficial agreements with last in time, we build commercial relationships and interparts articulation.

3

## SUPPLIER MANAGEMENT

We evaluate and approve possible suppliers according to qualitative and quantitative guidelines, to then establish a commercial bond.

4

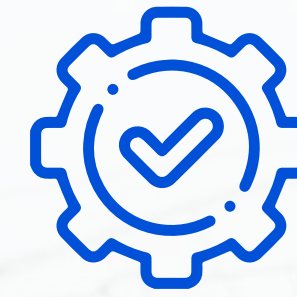

## QUALITY MANAGEMENT

Development, consulting and implementation of systems. Attendant in certification of ISO Standards. Internal and external audits.
